*Visions from Shadow Channel* consists of 12 works which all act as teasers for the student's upcoming graduation works. Through the format of The One Minutes Series – the works are an investigation into each of the students practice based moving image work. A rich mix of design, music production, long-take cinema, poetic and experimental approaches– the collection of works pull from all disciplines and results are an eclectic range of propositions in how we think through the medium of moving image. A collection of hungry vids. Paranoid suspense of Claire Denis suspended in a chiaroscuro of Kafkaesque moonlight. Eye behind the window. Mosquitos turning into moons. Beliefs flying beyond. Translating plants. A boxer, a shard, an icon. Visions created by Shadow Channel in a workshop led by Kate Cooper.

Shadow Channel is a MA Film, Design and Propaganda at Sandberg Instituut – Masters of Art and Design in Amsterdam.

*Visions from Shadow Channel* will tour museums and cultural spaces around the world subscribed to The One Minutes Series in April and May.

Kate Cooper lives and works in London and Amsterdam. Her work has been shown at venues including the KW Institute for Contemporary Art, Berlin; Institute of Contemporary Art, Boston; Tate Modern, London; Stedelijk, Amsterdam; Public Art Fund, New York; International Center of Photography, New York; Serralves Museum, Porto; Frankfurter Kunstverein, Frankfurt; Palais de Tokyo, Paris; Whitechapel Gallery, London; Museum of Modern Art, Warsaw; and has been featured at the Riga Photography Biennial and the International Documentary Film Festival Amsterdam.
